Happy New Year!

Is one of your New Year's resolutions to maintain and attract the best quality tenants you possibly can?

If so, keep reading....we have great news for you!

So much can change with your tenants in 365 days! (layoffs, divorce, bankruptcy...) It's possible those changes your tenants are experiencing could affect their ability to pay their rent on time - or at all.

During these tough economic times, one of the easiest things you can do is to adjust your screening process to include annual checks for tenant screenings.

If you begin to re-screen lease renewals, it will be easier to keep your occupancy up. This will also give you the ability to work with your tenants should something in their situation change. It's a win-win for everyone.

We are offering you an annual screening program that is both simple and cost effective!

Annual screening for tenants might include: verification of employment and a credit check. Because we believe so strongly that annual re-screens will help you maintain and even increase your occupancy, we want to extend this special offer.
